Experience

UN Environment Programme | One Planet Network Communications Specialist

Jan 2023 - July 2023 | Paris

- Social media content: coordinated and executed a two-week campaign for the world's first Zero Waste Day (Twitter per tweet impressions **57.5%** up from the rest of March); helped grow its LinkedIn followers by **38% (+1,500)**.
- Project management: coordinated social media campaigns and a high-level event with over 70 participants during the INC-2 (Intergovernmental Negotiating Committee on Plastic Pollution)
- KPI dashboard, web content management, design, newsletter, and partnership-building.

WWF China | Renewable Energy Intern

Jun 2021 - Dec 2021 | Beijing

- Coordinated and evaluated renewable energy pilot projects and the Science Based Targets initiative workshops.
- Bilingual research, writing, translation and review for the website, communication materials, contracts, and reports.
- Led a team to revamp the design for Climate Business Hub, the website for WWF China's climate program.

Northeast Wool | Designer

Sep 2019 - Jun 2020 | New York

- Designed ecological apparel and products from local wool and upcycled textiles.
- Researched regenerative wool value chain and connected with farmers, artisans, and development practitioners.

Remake | Community Manager

Jun 2019 - Dec 2019 | New York

- Industry leader interviews, event organization, workshop facilitation, public speaking, and fundraising.
- Built partnerships with sustainable fashion labels, institutions, scholars, and industry practitioners.
- Featured in the short documentary *Made in Sri Lanka*, an investigative journey into global clothing production: meeting the women who make our clothing at their factories, inside their homes and communities.

TILL: bioFASHIONtech LAB | Community Studio Lead Designer

Mar 2019 - Aug 2019 | New York

- Selected as one of three new graduates from Parsons in this ecological fashion incubator.
- Led a team to collaborate with local residents for an upcycled collection for the namesake summit.
- Taught free workshops to local communities to engage them in sustainable fashion.
